Profile:

Self-taught **MERN Stack Developer** with a strong grasp of frontend technologies and a growing focus on backend development. While I'm proficient in HTML, CSS, and JavaScript, **Actively learning MongoDB, Express.js, and Node.js** through hands-on projects, free resources, and advanced courses. Passionate about building scalable web apps and eager to contribute to real-world solutions in a collaborative team environment.

Education:

Qualification	Institution	Location	Year	Score
Bachelor of Computer Application (BCA)	Dr. M.P.S. Memorial College of Business Studies	Agra, Uttar Pradesh	2022 – 2025	70%+ in every semester
Intermediate (XII), Science	Green Clean Agra Public Inter College	Agra, Uttar Pradesh	2022	65.4%
High School (X), Science	Green Clean Agra Public Inter College	Agra, Uttar Pradesh	2020	78.6%

College Project:

Real-Time Chat Application

March – April 2025

Built a real-time chat app using the MERN stack and Socket.IO. Users can register, log in, and chat instantly with typing indicators and chat history stored securely in MongoDB. Strengthened full-stack and real-time communication skills.

Personal Project:

JavaScript Mini Tasks [Live Demo](#)

Duration: 28th March – 6th April 2025 (10 days)

Built 10+ responsive mini projects (e.g., **password generator**, **QR code maker**, **to-do list**) using **HTML**, **CSS**, and **JavaScript**. Focused on **DOM manipulation**, event handling, and local storage to strengthen core JavaScript skills through real-world applications.

ShopVerse [Live Demo](#)

Duration: 10th – 21st April 2025 (12 days)

Built a fully responsive e-commerce frontend using **HTML**, **CSS**, **JavaScript**, and **Locomotive Scroll** for smooth animations. **Features** include product sections (**Men**, **Women**, **Kids**, **Electronics**, **Brands**), scroll-triggered effects, **responsive layout**, and a polished UI/UX for seamless browsing.

Personal Portfolio Website [Live Demo](#)

Duration: 25th – 30th June 2025 (6 days)

Designed and developed a fully responsive personal portfolio using **HTML, CSS, JavaScript, and EmailJS** to showcase **MERN** stack projects, skills, and experience. The site features an animated hero section, detailed **About Me** segment, **dynamic project gallery with live links**, smooth scrolling, integrated contact form for **real-time messaging**, and responsive design across all devices with social media connectivity.

Additional:

Technical Skills:
